

# 'Weather' - Learning to Assemble the Puzzle & Get the Big Picture

Make safer cross country flights by recognizing conditions associated with weather systems and gain useful tools to judge whether a forecast makes sense.

This seminar is about providing you with weather pattern info. It isn't intended to address how to operate "APPS" and/or the various commercial formats available.

Ron Berinstein, a CFI, AI, AGI and FAA FAASTeam Lead Representative who flies aerobatics in a Super Decathlon out of Santa Paula, and is a recipient of the FAA WINGS Master Pilot award, is the presenter.

**Directions:** VNY FLYAWAY--Woodley Ave. & Saticoy St.(East side of VNY Airport)--Community Mtg Rm. 2nd Flr. (Zip Code for GPS is 91406-1719) "Free parking in 30 min. lot for attendees"
